

## ... and the Environment

Our Studio Laminate Collection is proudly manufactured by Pergo.

Recycling is a key part of Pergo's environmental policy. 80% of the content of their products consists of wood surplus from the wood industry. They use only renewable wood products such as pine and spruce.

Pergo are also the first flooring manufacturer to ever achieve the official Nordic Ecolabel, the Green Swan. The Swan certifies that their products are certified as a good environmental choice with respect to the product's overall impact on the environment, from raw material to waste.

Pergo laminate is PEFC certified (Programme for the Endorsement of Forest Certification schemes) which signifies that the wood used in these products originate from sustainably managed forests.

- Green Swan certification
- PEFC certified
- ISO14001 manufacturing plant
- Low VOC emissions
- Recyclable as an energy source

## Cleaning Recommendations

**Do not clean with a steam mop or saturate the floor with water.**

Simply dry mopping, microfibre mopping or vacuuming your floor is all it takes to give your flooring all its beauty back. Wipe the mop lengthways along the planks. Mop using long back and forth motion and do not pick the mop up.

Once every two weeks, it is recommended to **damp** mop your flooring. For best results use *Tarkett TarkoClean* and a microfibre mop. Change mop head regularly and moisten with a dilute solution of *Tarkett TarkoClean* as per instructions.

Remove any stains when fresh. Never spray any cleaning agent directly onto the floor without testing an inconspicuous area first. When using a solvent or concentrated cleaning solution, read the safety notice carefully!

### Long Plank

2050 x 205 x 9.5mm  
Per box = 6 planks (2.522m<sup>2</sup>)

### Endless Plank

1200 x 190 x 8mm  
Per box = 7 planks (1.596m<sup>2</sup>)

# 6 Reasons For Choosing studio Pergo Laminate

1

## It looks great

The perfect floor offering the warmth, beauty and character of natural wood without the hassle of marks and scratches.

2

## It's practical

Multi-layer technology provides superior resistance to wear, impact and scratches.

3

## It's comfortable

There is more to a beautiful floor than meets the eye. That is why Pergo laminate floors look and feel so authentic.

4

## It's healthy

Create a healthier, cleaner and safer living environment with less dirt, dust and allergens compared to carpet.

5

## It lasts

A Pergo laminate floor keeps its elegant finish year after year. The secret lies in the patented Titan X surface protection.

6

## It's an intelligent choice!

Great looks, durable, easy maintenance, environmentally friendly and excellent value for money.
